PRIME OSPT

UNATTENDED OUTDOOR SMART PAYMENT TERMINAL

SECURE WEATHERPROOF SELF-SERVICE

Prime FMS is a Cloud-Based Fuel Management System that utilizes state of the art cutting edge technology to provide a truly unique dual-purpose FMS System. The dual-purpose nature of the technology means the system can be used as a retail forecourt service station system OR an own use commercial use system for back to base refueling applications all in the one phone App-based system and Now the Robust Outdoor Smart Payment Terminal. Prime Cloud Server provides simple and cost-effective control and reporting of fuel pumping and dispensing systems from anywhere in the world. Deploy self-service POS solutions confidently with the Prime OSPT unattended terminal. This physically robust payment device is built to withstand the toughest service environments without sacrificing speed, security, or payment methods. Combining a high-resolution touch screen with a swipe, tap, chip, PIN, and QR payment functionality, the Prime OSPT is an all-in-one solution that is simple to install and maintain. An extra-robust casting built to IP65 dust and water resistance standard, UI 94-V-0 flame resistance, and IK08 vandal-proofing ensure that Prime OSPT can be deployed in any kind of environment, without sustaining damage or weathering.

PROCESSOR	High performance dual processor - Quad-core + secure processor
MEMORY	1GB RAM, 8 GB flash memory, Micro SD up to 32 GB
DISPLAY	Full color 5" 720x1280 TFT LCD, capacitive touch screen, signature capture, video capable
CONNECTIVITY	WiFi, Bluetooth 4.0, 2G 3G or 4G LTE, RS232, USB host/device, ethernet 10/100, MDB, Microfit (IO + power), TTL interface
CERTIFICATION	EMV 4.3e level I & II, PCI 5.X, NFC, D-Pass, Expresspay, Interac Flash, JCB Contactless, Mastercard Contactless, Visa Paywave
CARD READERS	Triple-track bi-directional magstripe reader, NFC contactless, ISO7811, ISO7812, ISO4443 A/B, Mifare, SIM, SAM, SD card
SYSTEM	Secure Android OS based on V5.X
SECURITY	3DES Encryption, Master/Session and DUKPT Key Management, supports point-to-point encryption
POWER	12V DC, 2A (using Microfit), 24 - 45V DC (using MDB), 12 V DC, 2A (using serial)
ENCLOSURE	IP 65 dust/waterproof rating, IK08 vandal-proofing, ANSI/UL 94 V-0 flame resistance, -20°C to +75°C operating temp.
OTHER	Audio Jack, external speaker, cable management, MDB slave
